

Compliance to substance related requirements of Directive 2011/65/EU (RoHS II)

BRECOflex CO., L.L.C. polyurethane timing belts in configurations V (joined), M (open ended), BFX (truly endless) including PAZ and PAR variations and Ferropan-Fan belts do not contain any substances which are prohibited by the Directive 2011/65/EU (RoHS II) (Status 08th of June 2011) and its amendments, according to our present information.

Please contact us for specific cover materials for polyurethane timing belts since no blanket certification can be provided due to frequent changes.

Custom metal pulleys and stock accessories in general meet the RoHS Directive 2011/65/EU (RoHS II). However, some aluminum stock pulley sizes may not comply. Please contact Customer Service at the time of ordering for updated information as RoHS compliant stock aluminum pulleys can be supplied upon request.

ESBAND flat belts do not contain any substances which are prohibited by the RoHS Directive 2011/65/EU (RoHS II) according to our present information. Due to frequent material changes no blanket certification can be provided. Please contact us for specific certification.

In addition below are specific products with Compliance Status:

Product Description	Status
SM5 electronic tension meter	RoHS Compliant
ContiTech HTD black open ended belting in polyurethane	RoHS Compliant
Clear and hard anodized aluminum pulleys	RoHS Compliant
